1. Claims 14-18 and 21-29 are presented for examination.
2. Restriction to one of the following inventions is required under 35 U.S.C. 121:
 - I. Claims 14-18 and 21, drawn to a DSP instruction set architecture of type $D=\{[A \text{ Op1 } B] \text{ Op2 } C\}$ in 20 bit and 40 bit format, classified in class 712, subclass 223.
 - II. Claims 23-29, drawn to a DSP instruction set architecture with RISC unit control instructions to control execution of DSP instructions, classified in class 712, subclass 35.
3. The inventions are distinct, each from the other because of the following reasons: Inventions *Group I* and *Group II* are related as combination and subcombination. Inventions in this relationship are distinct if it can be shown that (1) the combination as claimed does not require the particulars of the subcombination as claimed for patentability, and (2) that the subcombination has utility by itself or in other combinations (MPEP § 806.05(c)). In the instant case, the combination as claimed does not require the particulars of the subcombination as claimed because *the invention of group I can be used in a system without the RISC unit control instructions to control DSP operations*. The subcombination has separate utility such as *use in a system without instruction type of $D=\{[A \text{ Op1 } B] \text{ Op2 } C\}$* .
4. Because these inventions are distinct for the reasons given above and the search required for *one group* is not required for *the other group*, restriction for examination purposes as indicated is proper.
5. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).
6. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a petition under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
